## THE HOLY PROPHET (S.A.W.) SAID:

The best gift from a father to his child is education and upbringing.

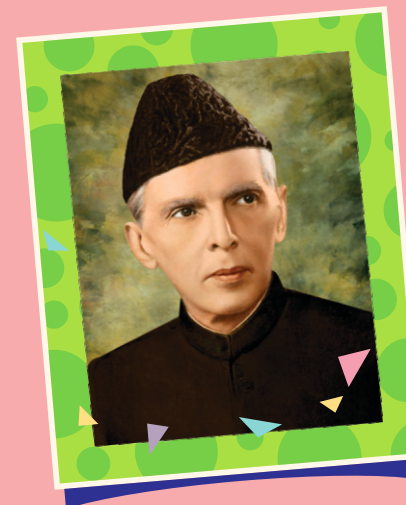

(Al-Tirmizi)

## Quaid Said:

Develop a sound sense of discipline, character, initiative and a solid academic background. You must devote yourself wholeheartedly to your studies, for that is your first obligation to yourselves, your parents and to the state. You must learn to obey for only then you can learn to command.

(Address to the Students of Islamia College, Peshawar)  
12th April, 1948

## Allama Iqbal:

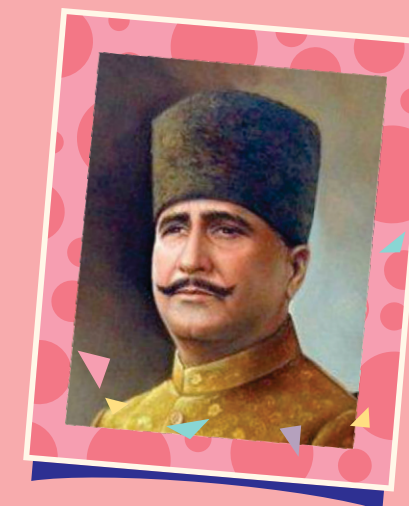

### The Child's Invocation

May my homeland through me attain elegance  
As the garden through flowers attains elegance

May my life like that of the moth be, O Lord!  
May I love the lamp of knowledge, O Lord!

May supportive of the poor my life's way be  
May loving the old, the suffering my way be

O Allah! Protect me from the evil ways  
Show me the path leading to the good ways

## About Us

Unique was established in 1986 by Prof. Abdul Manan Khurram. What was started as Unique Science Academy to coach students in various disciplines, later, fostered into an educational system which embraced early childhood education to intermediate, Entry Test preparation, IT and vocational studies.

Unique Schools are affiliated with Boards of Intermediate and Secondary Education (BISEs) and Technical Education & Vocational Training Authority (TEVTA).

Unique made its mark when its students achieved distinction in matriculation and intermediate levels in the Board of Intermediate and Secondary Education, Lahore, and this has been a constant feature ever since first distinction was clinched by a Unique student in the Board examination.

Junior Schools are at the heart of education policy of Unique. More than 5000 students study at our Junior Schools today and the number is rising every year.

The rigorous education system employed by Unique

won the confidence of parents and students who reposed their faith in our educational system.

In the year 2014 Punjab Government also reposed its confidence in Unique's academic excellence and handed over management of over 90 Public sector schools to Unique Group of Institutions (UGI) under Public Private Partnership (PPP). The transfer of these government-run schools to Unique is an acknowledgement of the high standards in academics set by Unique.

It is the education system of Unique which has enabled student achieve scores of positions in Lahore Board at matric and intermediate levels over the past 32 years.

Unique has adopted scientific principles to educate students and it is the scientific educational approach which ensures improvement with every passing day. Unique has also kept a balance between modern and the traditional while Islamic values are also inculcated to the students during the course of their studies.

Unique owes its success as an educational entity to the students, parents, teachers and staff.

## Mission Statement

To pursue highest standards in the provision of education, groom individuals into future leaders, inculcate social, cultural, religious values; and imbibe modern knowledge without breaking link with the past.

## Chairman's Vision

**M**y vision is to take you to the higher goals through the cradle of Unique Junior Schools. Early childhood education is at the heart of Unique education philosophy and we specialize in delivering best results in line with the Unique founding principles of imparting education and empowering youth through literacy.

To me, a Junior school must lay the foundation of a brilliant future and play its role in the making of a genius.

Over the years, Unique has groomed students into successful professionals as a result of dedicated teaching, truthful guidance, selfless services, discipline and hard work. Moral education is at the top of curriculum at Unique Group of Institutions.

Students have been the focus of all policies at Unique and I take pride in the fact that my students have made me proud of their achievements. Unique has never compromised on discipline and interest of its wards.

I owe my gratitude to Allah Almighty, my teachers and colleagues who have worked selflessly to guide students and achieve success over the past three decades.

## Rector's Message

**A**ttainment of the impossible is no longer a painstaking adventure as it was in the past. We consider it our sole aim to shape future of youth in the light of golden principles envisaged by our proud ancestors. To me, profound and reliable relationship between faculty and students is the gateway to success.

Unique Group of Institutions has earned its name by dint of hard work and dedicated efforts. At Unique, we ensure an exemplary discipline which is a prerequisite to education. Unique Schools have the services of highly qualified and professional teachers. Fully equipped science and computer labs are another prominent feature of the facilities at Unique Junior Schools.

I hope our students will keep up to the highest traditions of Unique Schools and realize the dream of an enviable future by benefitting from the academic studies and co-curricular activities during their stay at Unique Schools.

## Juniors at Unique School

A sound academic foundation guarantees the right upbringing of children at school level. Formal and informal teaching tools are employed to groom children at Unique Junior Schools to make early childhood education more effective.

Unique Junior Schools ensure emotional, social, physical, intellectual and academic development of a child. The early childhood section (Play Group-Nursery-Prep), takes in children of 3 years of age while Junior School (Class I-V) admits students of 5 years.

Unique has devised an educational system that harnesses the raw talent of students into meaningful performance in academics.

At Unique Junior Schools, we take care that a student stays focused and works harder through academic discipline, regular tests, monitoring, close liaison with parents and encouragement.

Regular assessment and tests are the hallmark of Unique education system and these have paid dividends.

The foundation is laid at the Junior Schools to meet the challenges of higher studies and competitiveness in the years to come.

A balance is always maintained in order to keep studies interesting with happy amalgamation of co curricular activities, games and sports.

Child centered scientific educational approach is adopted at Unique Junior Schools and Montessori method of teaching is one of the techniques being practiced to teach and groom the little geniuses.

## Our Education System

Education at all Unique Schools is a fusion of academics, extracurricular and sports while academics holds supreme importance in our educational philosophy. When it comes to nurture the little angels, fun and activity are also integrated to make education more interesting for children.

## Academics at Juniors

The courses of studies for juniors have been chosen in line with modern and Islamic educational principles while it is ensured that a student completes his/her courses of studies twice during the academic year.

The book list is a synthesis of Oxford and Punjab Curriculum and Textbook Board syllabus in order to keep pace with the modern education.

Under Unique academics, it is compulsory that a student takes 1 test of every subject in a month while the academic year is divided into three terms. Students have to take an examination at the end of every term. Audio-visual aids are the hallmark of academics at the Junior Schools and Montessori gadgets help students learn in a better way.

Montessori education inculcates confidence, knowledge, creativity and nurture potential which helps children achieve success in all future challenges.

Discipline is at the heart of academics at Unique Schools and it is ensured that students lead a disciplined academic life and never lose focus on studies.

A constant liaison with the parents is a high point of our academics which keeps students on their heels besides keeping parents abreast of their ward's academic performance.

In case a student is deficient in studies, our educational system takes care of the student and extra classes are arranged by the principal on the recommendation of Class In-charge and the subject teachers.

Academic policies are designed to facilitate the journey of knowledge for the young leaders, making it a smooth sailing and successful one, through the cradle of Unique Junior Schools.

## Motherly Care &

Education is all about taking care of the intellectual, social and learning needs of little boys and girls. Teachers dedicate their every effort to guide and teach little children at every step.

Unique Junior School takes it as an obligation to fulfil all educational requirements of its students. In case if some extra classes are needed, it is immediately brought to the notice of principal.

Extra classes are arranged for students if they lag behind in syllabus during a term due to absenteeism, shortage of time, unforeseen

## Teaching Reinforcement

holidays, late admission or some other problems. Integration of technology is another remarkable feature of unique education policy. Unique academic software enables to record and monitor performance of students in a better way. The software, one of its own kind, helps teachers, parents and students monitor their performance in a scientific manner. The results are usually translated into reality by the students as they are made to work hard.

**No extra fee is charged for these classes at any campus of Unique Group of Institutions.**

## Research & Development

**R**esearch in education is an essential for setting up high academic standards and at every stage of learning, it is ensured that our young learners are provided with best care and academic tools to be at the top of the world. The selection of syllabus and active books for the little scholars for fun and academics is responsibility of the Research and Development wing.

At Junior schools learning needs are assessed and supplemented by the researchers who

work studiously to select and devise right learning material for Junior Schools. the leading at Pre-school level is a happy amalgamation of fun and activity.

Research and Development (R & D) department is an integral part of the academics which is responsible for research in the syllabus from the early-childhood school to the Matric and Intermediate classes, updation of courses of studies, maintenance of laboratories, conduct of

examination, central evaluation of answer sheets, updating of Unique Test Online, teachers training, online video lectures by professors on all subjects, paper setting and psychological evaluation of students.

The R&D department assists Unique Junior Schools in the preparation of syllabus, course-plan and marking of answer-sheets.

At Senior level any change in the course of studies at matric and intermediate level is taken up by the research associates at the R & D to update unique notes while the changes are also uploaded on the Unique Online Test web.

Sometimes children are governed by moods, They don't perform to their potential; They are disinterested towards studies or have lost interest . This is the time when a school must intervene and see if a child has some psychological barriers.

## I.Q Assessment at Juniors

Psychology department is constituent wing of the Research and Development Department

(R&D) and another feather in the cap which is headed by a psychologist. The department is tasked to work on the psychological challenges faced by students at Junior School to the intermediate level. A qualified and experienced psychologist works on such children with behavioral problems at different campuses. The psychologist holds sittings with the students which ultimately help students improve behavior. Occasionally, Parents are also invited to reach a remedy.

Psychology department also assists students to improve their academic results in the light of their IQ.

The Psychologist holds regular IQ tests of students and compares the IQ of a student with the performance in the most recent examination. If a student is not delivering as per his/her IQ level, the psychology department holds sessions with the student to help overcome problems and deliver as per his/her potential.

# Extra & Co-curricular Activities

Extra and co-curricular activities are a salient feature of studies at Unique. The studies at the early childhood section are purely activity based and co-curricular activities add to the fun of learning besides character building. Students at Junior Schools are provided ample opportunities of developing their personalities. They are made to participate in debates, speech contest, music, drama, exhibitions, international day events, annual days, games and sports.

Activities like Debates, Drama and Music are held under the performing Arts wing.

It is heartening to note that our little masters have made the best use of the opportunities provided to them in Co-curricular activities. They are given right opportunities into performing Arts including Drama, Music, Speech, Naat and Talawat at various other forums.

Recently our young talents made their mark during the 4th Unique

Drama Festival 2017. The play by Junior School "Sub se Pehle Pakistan" at the Drama Festival won adulations and generous reviews from critics for the acting by the Unique Junior school students. So remarkable was their acting that Junior Drama was given Special prize despite the fact that it was allowed participation only as the Drama Festival was hosted for high school students.

## Character building & Creative learning

At this impressionable age, the Juniors are provided every opportunity to enhance their creativity and learning. Besides academics, they are given access to different forums to be great orators, writers, scientists, intellectuals or artistes of tomorrow.

Co-curricular Department at every Unique School arranges different events like Speech, Essay writing, Mathletics, Spellmaster and Quiz so that the young lads may sharpen their skills and be different from others.

### Essay Writing

Essay Writing competitions start from the class to campus level, inter school and concludes with UGI level competition which chooses three best essay writers. Essay writing competitions provide enough practice to the little children into the art of writing. Who knows we are nurturing future Ashfaq Hussain, Intizar Hussain or Ibn-e-Insha.

### Speech Competition:

Public-speaking is an art and ample opportunities are provided to the students to harness their skills. Speaking skills enhance one's speaking skills and confidence like no other. This forum helps a student become a ready man.

### Spellmaster:

Unique has designed excellent English spellings test for different levels of students. The test helps enhance memory and knowledge of English language at a tender age.

### Mathletics:

This test is designed to sharpen mathematical knowledge of our students at an early age which enhances love for maths as well. The test is a good exercise into learning for new mathematicians.

## Annual Prize Distribution

Annual prize distribution ceremonies are held during the month of March which also marks the close of academic year at Unique Junior school.

The merry occasion is an eventful day for the children who also get an opportunity to celebrate the day of success through different performance. Besides wearing beautiful new costumes, the little children present songs, tablaos, dramatic performances and dress shows.

## Annual Prize Distribution

Unique has introduced a comprehensive list of activities for the academic calendar while co-curricular department ensures that students choose from these activities in all campuses.

It is compulsory for a student to take part in some activity and a sports event during an academic year. Our students have displayed their talents and impressed the audience with their skills. Following are some of the achievements of our little sports giants:

## Achievements

- **Dramatics:** 1st position in the children category at Unique Drama Festival at Alhamra Cultural complex 2016.
- Regular Training Workshops (Public Speaking, Dramatics, Music, Creativity).
- **P.T Shows:** Winners of PT show trophy at the inauguration and closing ceremony Punjab Olympics 2016 .
- **Cheerleaders:** 2nd position in National Cheerleaders Championship 2016.

- **Aerobics:** 2nd position in Aerobics at All Female AIE Sports Gala 2016.
- **Music:** 1st position in Singing (Junior Girls category) at Sufi Night at Alhamra Cultural Complex 2016.

# Physical Activity Games & Fun

The children at Unique Junior schools are provided maximum physical activity so that they are healthy and mentally strong. They are exposed to in door games at this age by class V, They are introduced to some sports like cricket and hockey as well. Athletics, Gymnastics, PT show and Aerobics are the major physical activities for little boys and girls.

All Junior schools offer GAMES PERIOD to the children. The children had to don game uniform on practice day.

## Aerobics

Our little girls have excelled in Aerobics and performed exceptionally well at different platforms. This physical activity brings the best out of our children– the agility, synchronised movements, cooperation and coordination-the girls learn at a tender age. Unique Group of Institutions also holds its Annual Aerobics competition which is a regular feature of sports calendar.

## Annual Sports Day

Every year Annual Sports Day is held to provide a bigger platform to our little athletes that they could flex their muscles and check their physical prowess.

Annual sports day from Playgroup-class V is held at Punjab Stadium or WAPDA Sports complex. Boys and girls from all campuses take part in different games and win laurels.

## Annual Sports Day

Different track games are held including 100m, 50m, Relay race, Sack race, Chaati race, Tug of war and PT show.

## Physical Activity through Sports

Physical vigour is of prime importance for the physical and mental growth of children and Unique provides ample opportunities to students to be physically fit.

Games and Sports are an important part of education at Unique as a healthy body can have a sound mind and our students have excelled in all sporting events.

## Physical Activity through Sports

At Unique schools, we provide every possible opportunity to students to take part in sports during the academic year while camps are held during the summer vacation to harness sporting skills of our youth.

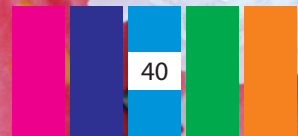

Unique boys and girls have excelled in cricket, hockey, badminton, table tennis, athletics and aerobics. Unique has immense sporting talent. Unique has established "Unique Hockey Club" to groom boys and girls at school level.

## Fun & Activity

Colours, Costumes, Candies, Crayons & Creativity— this is all children crave for. Sports and Fun days are the occasions to be happy and enjoy the moments. Annual day is the time to have fun !

At Junior Schools, children take part in different games and sports. On the days fixed for sports activity, children are required to come to school in sports uniform. On these two days, children are made to take part in different games and sports.

## Annual Sports Prize Distribution

Dignitaries were invited to our children's sports day in the year 2017. Minister School Education Rana Mashood Ahmed Khan, Lord Mayor Colonel (Retd) Mubashir Javaid, Test Cricketer Muhammad Yousaf and Muhammad Irfan gave away prizes among the students.

The presence of politicians and cricketing heroes at the Annual sports and games day is a source of inspiration for the budding sportsmen. A Sports Day provides them moments to cherish.

## Achievements

District champions in Lahore District Aerobics Championship 2015-16.

Under 19 West Zone Lahore team debut for Unique students "Waleed Khan" in 2016.

2 Students selected for under 15 Cricket Team in National Cricket Academy (2016).

Regular sports camps (Cricket, Hockey, Badminton, Table Tennis).

## Security

Security has been a big challenge for the educational institutions in the recent times and Unique has come up with the right solutions to ensure safety of its students, faculty and staff as per the directions of the Punjab government.

Fool-proof security at all schools and colleges is a cherished ideal and Unique takes pride in the fact that it has employed services of the retired SSG Army personnel with state of the art arms and ammunition for security purposes. All other standard operating procedures (SOPs) by the education department, law enforcement agencies and Punjab Government have been adopted to ensure security at all campuses.

## Transport Facility

Unique Schools arrange transport facility for students in collaboration with private van operators. Unique has deputed a transport officer to ensure that van drivers are punctual, fares are economical and minimum time is consumed in the completion of a route to save precious time of students. Students are required to abide by the rules and regulations. A transport facility is available on demand at cheap rates on the designated routes.

## Academic Scholarships

Towing the government of Punjab legislation regarding 10 percent free education in educational institutions, Unique schools offer free education to children on merit besides hardship basis. Unique offers Special Scholarship for needy students, Orphan children and Hardship scholarships to fulfill its responsibility towards the cause of Free Education as envisaged by the Punjab Government. Unique also offers other scholarships at all levels to encourage and inspire students to do well. These scholarships also give confidence to the student by making them financially self-sufficient at a tender age.

## Academic Year

Academic year starts from April till March as per the notification of the Education department.

# School Uniform

## ABRAHAM LINCOLN'S LETTER TO HIS SON'S HEADMASTER

"He will have to learn, I know, that all men are not just, and all men are not true. But teach him also that for every scoundrel, there is a hero, that for every selfish politician, there is a dedicated leader".

" Teach him that for every enemy, there is a friend. It will take time, I know: but teach him, if you can that a dollar earned is far more valuable than five found... teach him to learn to lose and also to enjoy winning, steer him away from envy, if you can. teach him if you can, the wonder of books... but also give him quite time to ponder over the eternal mystery of birds in the sky, bees in the sun, and flowers in a green hill-side".

" In school teach him that it is far more honorable to fail than to cheat... Teach him to have faith in his own ideas, even if everyone tells him they are wrong. Teach him to be gentle with people and tough with the tough. Try to give my son the strength not to follow the crowd when everyone is getting on the bandwagon. Teach him to listen to all men but teach him also to filter all he hears on a screen of truth and take only the good that comes through".

"Teach him if you can, how to laugh when he is sad... Teach him there is no shame in tears. Teach him to scoff at cynics and to beware of too much sweetness. Teach him to sell his brawn and brain to the highest bidders; but never to put a price tag on his heart and soul. Teach him to close his ears to a howling mob... and to stand and fight if he thinks he's right".

" Treat him gently; but do not cuddle him because only the test of fire makes fine steel. Let him have the courage to be impatient... let him have the patience to be brave. Teach him always to have sublime faith in mankind".

This is a big order; but see what you can do... he is such a fine little fellow, my son...

*The Letter written by Ibrahlim Lincoln to his son's headmaster embodies wisdom and is a model for the education of students for all times.*

## “ ABRAHAM LINCOLN

The 16th President of the United States of America (1861-1864), was one of the world's greatest statesmen.

## Scholarships & Bursaries

A remarkable feature of Unique Group of Institutions (UGI) is to reward students with scholarships who keep up good work and improve their previous result in their respective grade and section. Unique Junior School ensures provision of quality education to children. The award of monthly scholarships is aimed at creating and maintaining competitive atmosphere among students. Following is the brief description of scholarships and bursaries offered to children at all Unique Junior Schools:

### 1. Class Position Scholarship

### 2. Encouragement Scholarship

# Rules & Regulations

Parents/ students are advised to study the rules and regulations carefully. They must adhere to these rules in all respects so it is obligatory on all to abide by these rules. Violation of these rules may lead to the expulsion of a student from the school.

- All students are instructed to reach the school well in time.
- No student shall be allowed to attend classes without proper school uniform except Playgroup.
- The person who escorts a child from school should show the school I.D card on the school gate for security reasons.
- A system generated “absent message” will be sent to the parents of absent students.
- In case of any inconvenience or inquiry, students are advised to consult their respective class In-charges.
- The school premises, classrooms and surroundings must be kept neat and clean.
- Students are strictly prohibited to write on walls and whiteboards.
- Students should not be allowed to take leave without any specific reason or emergency. The leave application form must bear the signatures of both the parent and the Class In-charge.
- The attendance of the student in the Class Test is compulsory. In case of absence, the student shall have to appear in the Supplementary Test of the same subject.
