AL-QURAN:

Are those who know and who don't know ever equal ?

(Surah-Az-Zumar: Verse-9)

THE HOLY PROPHET MUHAMMAD (P.B.U.H) SAID:

Acquire knowledge even if you may have to
go to China for it.

(Al Musnad, Hadith- 1:175)

QUAID-E-AZAM MUHAMMAD ALI JINNAH SAID:

I don't believe in taking the right decision, I
take a decision and make it right.

ALLAMA IQBAL'S MESSAGE TO THE YOUTH:

Be mindful of your own worth, use all your power to achieve it.

ABOUT US

Evolving from humble beginnings as an evening coaching institute, Unique Group of Institutions (UGI) has blossomed into a multifaceted educational conglomerate, encompassing a broad spectrum of academic pursuits, including Early Childhood Education, Intermediate studies, and specialized preparatory programs for Medicine, Engineering, and various other higher education entrance examinations.

At Unique, our mission is to transform obstacles into opportunities through education, empowering children to unlock doors to enlightenment, prosperity, and a brighter future. Our junior schools strive to provide young minds with exceptional educational tools, igniting a passion for knowledge and fostering a lifelong love of learning.

With 39 years of unwavering dedication, Unique has established itself as a beacon of excellence in early childhood education and primary school teaching, renowned for its rigorous teaching methodologies and expertise in shaping young minds. At the core of our educational philosophy, Unique Junior Schools provide a nurturing environment, fostering academic excellence and character development. With a proud network of institutions across Punjab, our junior schools cater to over thousands of students, a number that continues to grow annually. Notably, our junior schools are duly registered with the Punjab School Education Department (PSED), ensuring adherence to the highest standards of quality education.

At Unique, education is rooted in scientific principles and delivered through a structured approach that prepares young learners to thrive in a changing world. Our curriculum balances academic excellence with co-curricular and sports activities to promote holistic development, strong character, and physical well-being.

By nurturing individual potential, Unique Junior Schools have produced accomplished professionals across diverse fields, reflecting the strength of our educational philosophy. Unique strictly follows Punjab School Education Department (PSED) SOPs for hygiene and security, ensuring a safe and healthy learning environment. Our success is driven by the continued support of our students, parents, and dedicated faculty.

MISSION STATEMENT

To pursue highest standards in provision of education, inculcate social, cultural, religious values, imbibe modern knowledge without breaking link with the past and educate individuals into future leaders.

CHAIRMAN'S MESSAGE

Early Childhood Education is like holding a child's hand and make him/her learn the art of walking. Early childhood education and primary education are the center of my educational philosophy and it revolves around the founding principles of dedicated teaching, truthful guidance, selfless service, discipline and hard work. My vision is to take these children to the new learning experiences through the cradle of Unique Junior Schools.

A junior school must lay foundation of a bright future and play its role in the making of a future leader through amalgamation of meaningful education and purposeful activities. Children are brought up in the best academic environment to spur creativity and intelligence.

Unique Junior Schools have been established to mentor students into successful professionals and empowering youth through literacy. Moral education is at the top of curriculum at all institutions.

My ideal has been to equip students with the best education besides the right kind of environment for character building so that they could make their mark in the world. Students have been the focus of all policies at Unique and I take pride in the fact that my students have made me proud of their achievements. Unique has never compromised on discipline and interest of its wards.

I am grateful to the teachers, students and the parents who have been an integral part of Unique for the past 39 years.

Prof. Abdul Manan Khurram
Chairman UGI

RECTOR'S MESSAGE

Unique Junior Schools have raised the standard with every passing year and the past decade has provided us many achievements to be proud of in primary education. We have made use of modern gadgets at all schools to promote activity-based learning. Unique has achieved excellent results in the upbringing of little children at the primary level.

Unique Group of Institutions has earned its name by dint of hard work and dedicated efforts. At Unique, we ensure an exemplary discipline which is a prerequisite to education. Unique

Schools have the services of highly qualified and professional teachers. Fully equipped classrooms and fun-filled activity rooms are salient features of Unique Junior Schools.

I hope our students will keep up to the highest traditions of Unique Schools and realize the dream of an enviable future by benefitting from the academic studies and co-curricular activities during their stay at Unique Schools.

Dear parents, taking this opportunity to welcome your child to the corridors of Unique Junior Schools, I am confident that the school will take your child to the new horizons of learning and enable the child to discover the hidden potential under the able guidance of teachers at Unique Junior Schools.

ENRICHING LEARNING MATERIALS: R&D AT JUNIOR SCHOOLS

Research and Development (R & D) department is an integral part of the academics which is responsible for research to develop curriculum for the early-childhood school education, to update courses of studies, maintain science laboratories, conduct examination, central evaluation of answer sheets, Unique Test Online, teachers training, online video lectures by teachers on all subjects, preparation of question-papers and psychological evaluation of students.

R&D department is also responsible to develop textbooks for the students as per the guidelines of the Punjab Education Curriculum Training and Assessment Authority (PECTAA) besides editing of Unique Notes for matric and intermediate students. Any change in the course of studies at primary level is taken up by the department to update the helping materials for junior schools.

LEVERAGING TECHNOLOGY FOR EFFECTIVE TEACHING & LEARNING

Unique has always led its peers in the introduction of modern technology at its schools to improve academics and educational management. We are one of the first institutions to introduce biometric attendance at our schools.

Through successful integration of technology our students get the best education through its various features which help in Close-Contact with Parents, Error-Free Accounts and Efficient Academic Evaluation. Our academic software helps us closely monitor performance of a student in a scientific manner.

Unique junior school offers online lectures (LMS) for their juniors which provide them a secure, comfortable & engaging environment to learn virtually. Junior students can learn at their own pace in a flexible environment.

OUR ENVIRONMENT

Is simply Unique; it shapes students from the moment they enter. Conducive learning opportunities are available in every corner.

PARENTAL INVOLVEMENT

We encourage & welcome the parents involvement as it is crucial for children's academic success and emotional well-being.

ISLAMIC INTEGRATION

It is distinct feature of Unique. Moral values taught in the classrooms that put lasting impressions on the students. Teacher's moral guidance strongly rooted to the divine guidance.

IN HOUSE CURRICULUM

R&D

A highly dedicated team is responsible for providing professional & customized resources for students.

SPARKING CURIOSITY THROUGH FUN ENGAGE, PLAY & LEARN

Children are attention seekers and fun-filled teaching methodologies are the right tool to keep studies interesting and students focused in early years of education. Formal and informal teaching tools are employed to groom children at Unique Junior Schools to make early childhood education more effective. A sound academic foundation guarantees right upbringing of children at the junior level. Unique has devised an educational system that harnesses raw talent of children into meaningful performance in academics.

At Unique Junior School, we take care that a student stays focused and works harder through academic discipline, more and more activities, monitoring, close liaison with parents and encouragement. In early childhood education students are evaluated through assessments while regular assessments are hallmark of our education and these checks have paid dividends. The foundation is laid at the Junior Schools to meet the challenges of higher studies and competitiveness in the years to come.

A balance is always maintained in order to keep studies interesting with happy amalgamation of co-curricular activities, games and sports at our schools. Children are engaged in physical activities through games while co-curricular activities are part of academic calendar. A child-centered educational approach is adopted at Unique Junior School to educate the young children in the best possible way. We also employ Montessori teaching technique to encourage independence among pupils. All efforts are centered on transforming little genius into leaders of tomorrow.

Unique Junior School ensure emotional, social, physical, intellectual and academic development of a child. The early childhood section (Pre-prep & Prep), takes children of 2.9 years of age while Junior School (Class I-V) admits students of 4.6-10 years.

OUR EDUCATIONAL PHILOSOPHY

Education at Unique Junior School is a synthesis of academics, co-curricular, games and sports while academics holds supreme importance in our educational philosophy. When it comes to nurture the little angels, fun and activity are also integrated to make education more interesting.

EDUCATING MINDS AND SOULS

The courses of studies, for junior schools, have been chosen in line with modern and Islamic educational principles with a view to making young learners how to think, Great importance is given to the activity based learning and co-curricular activities to enrich teaching process. Audio-visual aids are hallmark of academics at the Junior Schools and Montessori gadgets help students learn in a better way.

Our academics focus on imparting vital Life Skills in Education as per the standards set by the UNESCO and the World Health Organization (WHO). These life skills help the young children developing empathy, self-awareness, critical thinking, decision-making, problem-solving and effective communication besides creative thinking in these early years.

Under Unique academics, the academic year at our Junior schools is divided into two term Students have to take an examination at the end of every term. Montessori education inculcates confidence, knowledge and creativity besides nurturing potential which helps children to achieve success in all future challenges.

Discipline is hallmark of Unique School and it is ensured that students lead a disciplined academic life and never lose focus on studies. Religious and moral education of children is also ensured.

A constant liaison with the parents is a high point of our academics which keeps students on their heels besides keeping parents abreast of their ward's academic performance.

In case a student is deficient in studies, our educational system takes care of the student and extra classes are arranged by the principal on the recommendation of Class In-charge and the subject teachers.

All academic policies at Unique Junior School are designed to aid a child's journey into the realms of knowledge besides staying truthful to Aristotle's belief that educating the mind with out nurturing the heart is not education at all.

KINDLING THE FLAME OF CURIOSITY

Education is all about taking care of the intellectual, social and learning needs of little boys and girls. The metaphor of "kindling the flame of curiosity" beautifully captures the essence of education and intellectual development. Rather than merely filling minds with facts, true education seeks to awaken a lifelong passion for discovery and critical thinking. At Unique Junior School, teachers dedicate all their energies towards guiding and teaching little children at every step. A great care is taken to help children overcome behavioral challenges during their education at junior schools and a close liaison with mothers helps us to guide students in a better way.

Our focus has been to whet the innate potentials of a child so that he grows into a confident individual with qualities of head and heart. All academic and co-curricular activities are designed towards educating minds and hearts. Socrates had rightly said, "Education is a kindling of a flame, not a filling of a vessel."

Unique Junior School takes it as an obligation to fulfill all educational requirements of its students. A principal is responsible to arrange 'Extra Classes' in order to make up the deficiency. Extra classes are arranged for students if they lag behind in syllabus during a term due to absenteeism, shortage of time, unforeseen holidays, late admission or some other problems. No extra fee is charged for the extra classes at any campus of Unique Group of Institutions.

MAINTAINING HEALTH & HYGIENE: OUR CULTURE OF CARE

School hygiene and sanitation play a crucial role in fostering a conducive learning environment for students. The implementation of proper hygiene practices in schools not only promotes health but also enhances attendance, motivation, and overall well-being.

Unique is committed to the safety of its wards and implementation of the PSED and Health Department SOPs.

WHERE POTENTIAL MEETS PURPOSE: CO-CURRICULAR CULTURE AT JUNIOR SCHOOLS

It has become imperative to foster academics with co-curricular to prepare students for the challenges of tomorrow. Co-curricular activities are an integral part of education and make up a salient feature of studies at Unique. Co-curricular activities are embedded into the fabric of teaching at Unique Junior School.

The studies at the early childhood section are purely activity based and co-curricular activities add to the fun of learning besides character building. Students at Junior Schools are provided ample opportunities of developing their personalities. They are encouraged to participate in debates, speech contest, music, drama, exhibitions, international day events, annual days, games and sports.

Activities like declamation contests, Drama and Music competitions are part of the academic calendar and students are encouraged to participate. It is heartening to note that our little masters have made the best use of the opportunities provided to them through various co-curricular activities. They are provided right opportunities into performing Arts including Drama, Music, and Speech.

The students from Unique Junior Schools are active participants in the Unique Drama Festival every year. The little actors are provided a platform to display their acting skills at the drama festival despite the fact that junior schools are not part of the competition as the Drama Festival is hosted for high school students.

RECREATIONAL TOURS

Unique Junior school provide a necessary break from the academic routine in the form of recreational tours. These tours contribute to students' physical, mental, emotional, and social development.

CHARACTER BUILDING: BUILDING A STRONG FOUNDATION

At this impressionable age, the juniors are provided every opportunity to enhance their creativity and learning. Besides academics, they are given access to different forums to be great orators, writers, scientists, intellectuals & artists of tomorrow. Co-curricular Department at every Unique School arranges different competitions like Speech, Essay writing, Mathletics, Spell Master and Quiz so that the little lads may sharpen their skills and be different from others.

ESSAY WRITING:

Essay Writing competitions start from the class to campus level, inter school and concludes with UGI level competition which chooses three best essay writers. Essay writing competition provide enough practice to the little children into the art of writing. VINO knows we are nurturing future Ashfaq ssain, Intizar ain or Amjad Islam Amjad.

SPEECH COMPETITION:

Public-speaking is an art and ample opportunities are provided to the students to harness their skills. Speaking skills enhance one's speaking skills and confidence like no other. This forum helps a student become a ready man.

SPELLATHON:

Unique has designed excellent English spelling test for different levels of students. The test helps enhance memory and knowledge of English language at a tender age.

MATHLETICS:

This test is designed to sharpen mathematical knowledge of our students at an early age which enhances love for mathematics as well. The test is a good exercise to learn for new mathematicians.

BIG PROPS TO THE BRILLIANT MINDS: ANNUAL DAY

The Annual Day is a much-awaited event that marks both the conclusion of one academic year and the beginning of a new one. It is a day filled with excitement, joy, and celebration, during which students are recognized and rewarded for their outstanding achievements in academics and co-curricular activities.

At Unique Junior Schools, the Annual Day holds a special place in the academic and co-curricular calendar. Celebrated in the month of February, it signifies the culmination of the academic session.

The festive occasion is a memorable one for the children, as it provides them an opportunity to express their talents and celebrate their success through a variety of performances. Dressed in colorful and creative costumes, students take part in songs, tableaux, skits, dances, and dress shows, making the day lively and enjoyable.

Unique has designed a comprehensive activity calendar to ensure holistic student development. The co-curricular department ensures that every student participates in selected activities across all campuses. Participation in at least one activity, game, or sports event is mandatory for all students during the academic year. Our young performers have consistently impressed the audience with their enthusiasm, creativity, and remarkable skills.

JUNIOR SCHOOL

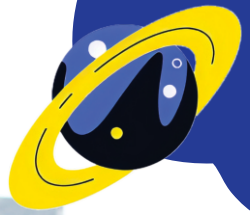

WHERE PASSION MEETS THE FIELD: ANNUAL SPORTS

At Unique Junior Schools, children are encouraged to participate in a wide range of physical activities to ensure they remain both mentally strong and physically healthy. From the early years, students are introduced to various indoor games that promote coordination, teamwork, and concentration.

As they progress to Class V and above, students are given opportunities to explore and participate in outdoor sports such as cricket and hockey, helping them develop discipline, stamina, and team spirit. Additionally, activities like athletics, gymnastics, PT shows, and aerobics play a key role in enhancing their overall physical fitness and confidence.

All Junior School schedules a dedicated Game Period, allowing children to engage in regular sports practice. On these days, students proudly wear their games uniform, reflecting their enthusiasm and sportsmanship.

DEVELOPING BRAINS AND BRAWN PHYSICAL ACTIVITY: GAMES & FUN

Physical vigor is of prime importance for the physical and mental growth of children and Unique provides ample opportunities to students to be physically fit.

Games and Sports are an important part of education at Unique as a healthy body leads to a sound mind. Our students have excelled in all sporting events. At Unique school, we provide every possible opportunity to students to take part in sports during the academic year while sports camps are held during the summer vacation to harness sporting skills of our youth.

Unique boys and girls have excelled in games and sports like cricket, hockey, badminton, table tennis, athletics and aerobics. Unique has immense sporting talent. Unique has established "Unique Hockey Club" to groom boys and girls at junior school level.

AEROBICS

Our little girls have excelled in aerobics under the guidance of professional coaches. Our children have performed exceptionally well at different platforms in the past. This physical activity brings the best out of our children. In aerobics, the girls learn agility, synchronized movements, cooperation and coordination at a tender age. Unique Group of Institutions also holds its Annual Aerobics competition which is a regular feature of sports calendar.

Students and their parents are not allowed to register any complaint against the management and the faculty to any official authority or agency regarding the matters related to this institution without the written permission of the Principal.

The last date for the deposit of the fee is the 5th of every month. In case of failure to deposit the fee within the due date, Rs.50/- per day fine will be charged.

Girls are not allowed to bring jewellery to school.

Extension in fee can only be granted twice in a session with prior approval of the principal.

Fee can be refunded according to the "Fee Refund Policy" defined by the institution that is available at the school office.

Students of classes three to five must mark their attendance with their thumb impression on the biometric attendance system.

Morning assembly is a part of the school timing. All the students should abide by the activities performed at the assembly.

Students are not allowed to bring any precious items (like tab, cellular phone etc.) to the school. In case of loss, the administration will not be responsible.

Students are not allowed to leave the classroom without seeking permission from the teachers.

A Message of Gratitude

We sincerely thank parents and guardians for placing their trust in us. Together, we nurture young minds, inspire curiosity, and lay strong foundations for a lifelong love of learning. Your partnership and support are invaluable in shaping confident, compassionate learners.

“A good teacher can inspire hope, ignite the imagination, and instill a love of learning.”
